## SoccerTots Philosophy

SoccerTots is a child physical development program that uses a variety of fun games to delight and engage kids in physical activity. Classes are professionally designed to develop motor skills, promote physical fitness and create self confidence. We stress a non-competitive environment and promote fun above all else. Instructor to student ratio is kept small to maximize individual development.

## SoccerTouch Philosophy

We mix in fun, skill development activities with actual small-sided games. SoccerTouch is geared to give kids lots of "touches" on the ball. Emphasis is on developing enjoyment of physical activity and the game of soccer.
